Good Morning Mr. Hill,

My father-in-law received the updated Polk County 2024 tax statements for property IDs 245452 and 245451 and has paid them in full. All is in order and no further action is needed.

In checking Polk County Appraisal District web site, the following issues remain:

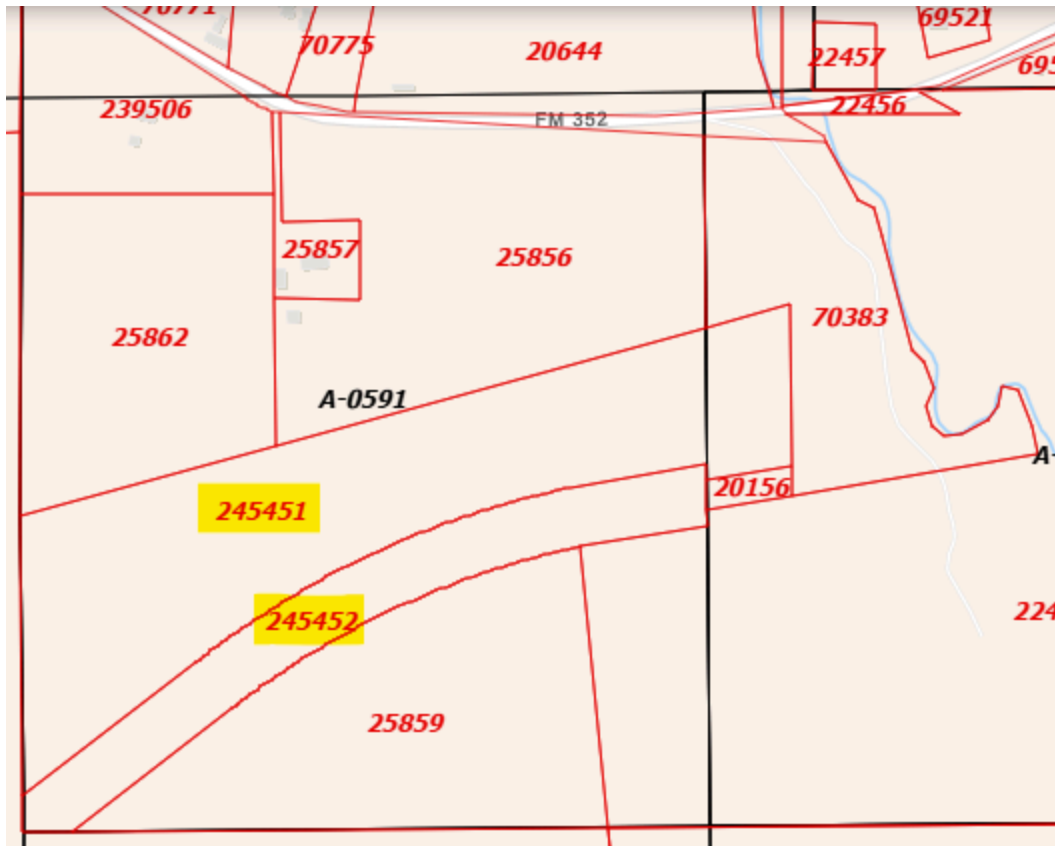

1. Searching by owner (Madden), only one property is identified and it's also for the old/wrong property ID 70774.
2. Searching by property ID, either 245452 or 245451, does not provide property owned by Vernon Madden et al.
3. Using the interactive map and manually navigating to Vernon Madden's properties, does correctly show the surveyed boundaries, but the owner information, legal description, etc. is not populated. See below screenshot.

Please forward these issues to your IT group for resolution and I'm happy to discuss with them if needed.

Thanks,

Bill Gyarmathy 713-472-9797

Good Morning Mr. Hill,

I wanted to follow up and provide an update on the items we've been discussing:

1. Acreage Corrections. Per the 2024 tax statements, all three properties now reflect the updated acreage amounts. This request has been completed.
2. Inability to find all Polk County properties owned by Vernon Madden and his siblings (i.e. Madden Michael & Vernon & Hauverland Diane). Using the Polk CAD Property Search still provides only one of the expected three properties (see attached screenshot).
3. Legal description update for all three properties (i.e. Valentine/Parsons survey to A Mardez survey). Please see email from Nov 13, 2024.
4. Timber Exemption / Updated Property ID Numbers. The first 2024 tax statements received reflected the timber exemption, as expected, for all three properties. On the last revised 2024 tax statement, two of the three properties didn't reflect the tax exemption (70774 is now 245452 and 70384 is now 245451) and increased the tax due has increased astronomically. I'm not sure if it's related to some of these other outstanding items, but would appreciate getting this corrected as well.

Your help is appreciated and I'll call you on Wednesday so we can discuss as well.

Thanks,

Bill Gyarmathy

Mr. Hill,

Appreciate your time yesterday knowing the acreage corrections have been made and Vernon Madden will receive an updated 2024 tax statement.

In addition to two tracts that don't show on the Polk CAD, please also correct the legal description for all three tracts given they were previously erroneously located in the Valentine and Parsons survey, but are now in the Mardez survey. The recently provided survey metes and bounds has all the details. I've also included a screenshot as it exists today.

Thank you,

Bill Gyarmathy
Vernon Madden

Mr. Hill,

We spoke about a week ago and wanted to check back to know how the acreage corrections will be handled.

Please advise.

Mr. Hill,

Thank you for updating Polk County's CAD portal to accurately reflect our property locations. Regard the acreage corrections:

1. I'm assuming any changes will be reflected in 2025 given the property tax for 2024 has already been certified?
2. Will a new Property ID be established representing the consolidated Property IDs 25858 (40.5 acres) 70384 (3.5 acres) now surveyed as 32.457 acres?

We will address the gap of ownership with Polk County Abstract.

Regards,

Bill Gyarmathy (713-472-9797)

Mr. Gyarmathy,

We have updated the map based on the information you have provided. We are working on the acreage corrections now. Regarding ownership and the Splettstoesser name being on the one tract. We show that account to be in Michael, Vernon and Diane. Any gap in title would have to be resolved with an attorney or title company. The corrections to the map should show on our website after the next update. If you have any questions or need to discuss please let me know.

Thanks,

Chad Hill RPA,CCA

Chad,

All the attached files were too big to send at once, so attached are the remaining documents.

Regards,

Bill

Chad,

I appreciate your time and guidance today to correct our family's property in Polk County's Central Appraisal District. I'm helping my father-in-law, Vernon Madden, work through these items and copied him on this email as well.

The following three property IDs are in scope:

- Property ID 25858 (40.5 acres) and Property ID 70384 (3.5 acres)
 - The Polk County CAD web site incorrectly shows the location for the 3.5 acres
- Property ID 70774 (12.38 acres)
 - The Polk County CAD web site does not show the location for this tract of land

We recently had this land surveyed by Texas Professional Surveying out of Conroe, Texas. Please find attached the survey and metes and bounds documents. Key outcomes from this work include:

- The 40.5 and 3.5 acres is now surveyed at 32.457 acres. In addition, the two tracts actually reside in the A. Mardez survey and previously had erroneously resided W.P. Valentine and J.H. Parsons surveys. The survey company recommended describing these two tracts as one. You will also find now the correct location for Property ID 70384 (i.e. 3.5 acres).

- The 12.38 acres is now surveyed at 11.603 acres. You will also see the survey indicates E.W. Splettstoesser as the owner, but this represents a gap in ownership the survey company couldn't resolve to his grandson/my father-in-law Vernon Madden.

Regarding the gap of ownership of the 12.38 acres (Property ID 70774) from E.W. Splettstoesser to Vernon Madden and his siblings, I've included some family history and also attached deeds I've requested from Polk County public records (see attached).

E.W. Splettstoesser married Frederica Reinhardt on June 21st, 1916 in Polk County.

- E.W. and Frederica had two daughters, Louise and Nina.
- Louise Splettstoesser married Vernon Madden and they had three children
 - Vernon M. Madden
 - Diane Madden (married and became Diane Hauverland)
 - Michael Madden
- July 19, 1938: E.W. Splettstoesser receives 14.98 acres of a railroad right of way (WP Valentine and JH Parsons surveys). See attached Volume 114 Pages 141-143.
- May 19, 1939: E.W. Splettstoesser sells 2.6 of the 14.98 acres to Charles (Chas.) Reinhardt, resulting in now 12.38 acres. See attached Volume 122 Pages 413-414.
- April 3, 1968: E.W. Splettstoesser dies and conveys his property to his wife Frederica Splettstoesser
- December 13, 1983: Frederica Splettstoesser grants to her daughter Louise Madden 44 acres in the WP Valentine and JH Parsons survey.
- March 24, 1987: Louise Madden grants to her three children all the the property she owns in the WP Valentine and JH Parsons surveys. See attached Vol 596 Pages 793-794.

Please call with any questions.

Thanks,

Bill Gyarmathy (Vernon Madden's son-in-law) / 713-472-9797
