

Trinity, Tex. Dec. 25 1933

Mr. Julius Reinhardt,
Pluck, Texas.

Dear Julius:

Since I did not get a chance to see you, yesterday, or today, I want to write you in regard to the money I let you have at the time you and Will bought the Farm and Store from Charlie Vinson.

As you know this note, in the amount of \$1000.00, was made in 1920, and no part of the principal has been paid back, and if the interest, at 7% was figured straight it would amount to almost another \$1000.00 by now, and during all this time you have paid only \$470.00 cash, and \$8.00 by eight gals. syrup, to apply on the interest accrued, which is less than half the amount of straight interest, not to mention what it would be if compounded.

I have never pressed you for either the interest or the principal, as long as I could get along without it, but I have now reached the end of my rope, and will have to get some of this money back, for I am not getting enough of my salary from the railroad to live on, as you well know, and by now have used up what few dollars I had left, after selling my last Liberty bond, and giving the money, \$250.00 to your Father to apply on Charlie's lawyer fees.

I now have reached the point where I not only will have to get some of my outstanding money to meet my regular bills, which the small amount of the salary I get will not cover, but I also need some money to give to Fred so she can pay her part of the debts still outstanding against her Mother's estate. For she feels that this will be entirely sacrificed if the debts are not paid, and the estate taken out of the hands of the Administrator.

So, in order to show that I am willing to stand more than my share of the losses caused by these hard times, I will agree to accept \$1100.00 in full payment of the note and all past due interest, and if you can not take care of the full amount, I will accept any reasonable amount in cash, and will take a 6% note for the balance. I will say that I would like to have at least \$250.00 in cash.

I guess Will has advised you that the matter of clearing up the indebtedness against the estate will have to be straightened out before the end of this year. So Fred will be back down there toward the end of this week, to meet with you, and Will and Charlie, to get the matter adjusted, and I will ask that you please have enough of this money ready to let her clear up her part of the debts.

Hoping that you all had a very pleasant and enjoyable Christmas, and wishing you happy and very prosperous New Year I am -

470.00
Of the ~~200.00~~ Paid,
200.00 was in fraud
